

CHAPTER III

THOSE WHO SERVE

Administrative Facts of Trustees, Superintendents, Principals, Teachers and Custodians.

In order that our readers may be able to see in print the names of those who have served the schools in an administrative capacity -- the school board members, superintendents and principals we are listing them, following these all of the teachers serving the school during the sixty-six years. As you scan the list to see the names of your teachers once again I am sure many treasured memories and incidents will be remembered.
