Another good job well done! The specifications of the Will were fulfilled within the specified time and the legacy was forthcoming to the school. It was acted on by the School Board of Education on May 22, 1945. This was during the principalship of Harley Lautenschlager. A bronze plaque honor the donor of the library has been placed on the west wall of the library room and reads as follows:

FOLEY LIBRARY  
of

MINER SCHOOL

In Memory of Celia Foley  
Benefactor of this Library

During the time that the estate of Miss Foley was being settled the library room began to take shape. The school city built in the bookshelves and furnished the room with tables and chairs. I think we should emphasize the fact that the total of the money raised plus the amount of the legacy was spent on book material alone and not for any other equipment in the library. There were 1,121 volumes recorded on the original
